PHOTO-RADAR RESUMES IN TUCSON APRIL 27, 2009

Mobile speed enforcement vans will be back in service in Tucson on Monday, April 27th. This decision was made following consultation between local law enforcement and American Traffic Solutions (ATS). ATS and the Tucson Police Department discussed enhanced safety measures, which will be implemented by Tucson Police and the ATS employees who operate the vans, when speed enforcement resumes next week.

Tucson Police Department and ATS will not disclose the specific safety measures that are to be put into effect.

For more information about ATS, please contact:

Mr. Josh Weiss

Director of Communications and Public Affairs

Cell: 602-471-0528
